ALL SORTS.

—A full calf shoe for \$2.50 at Blumenthal & Cohn's. a15*

—J. L. Smith, a Genoa school teacher resigned last week.

—Senator Foley, of Eureka, was in the city on Sunday.

—Jacob Zech, the piano tuner will be in the city May 1st.

—The Sharon lawyers have spit on their hands and taken a fresh hold.

—There was a lively scrapping match yesterday between Dr. Guion and John Sweeny over a horse race.

—As a hair dressing and renovator, Ayer's Hair Vigor is universally commended. It eradicates dandruff, cures eruptions of the scalp, invigorates and beautifies the hair, and prevents its fading or turning gray.

—The exhausted and drowsy feelings, common to Spring time, indicate an impure and sluggish condition of the blood, which may be remedied by the use of Ayer's Sarsaparilla. It is the most powerful and, at the same time, most economical blood purifier known.

—Some boorish newspapers are commenting on the sending of some flowers by President Cleveland to place on Conkling's coffin.

Any tribute of respect paid the dead should always be considered beyond the reach of criticism. No gentleman should ever attempt it.

Do We Welcome Them.

Eastern newspapers consider it a "significant fact" that out of 200 steerage passengers who arrived at New Bedford the other day from Fayal, aboard the bark Mabel B. Tower, 100 had their fares paid through to California. These 100 are a portion of the 20-cents-a-day laborers from the Azores, who are to be imported for work on our ranches. The importation is an outrage of course. If the workingmen of the United States were well organized such incidents would not occur.—Daily Report.

Wonder if the Chronicle would advocate the welcoming of these people to the shores of America? If so get out the brass band.

The Minstrels.

The Kanlass Specialty Company gave a very superior entertainment at the opera house last night. McKanlass is certainly a master of the banjo, and a superior artist on divers other instruments, and his performance thereon is something marvelous. In himself he is worth the price of admission. But he is supported by a company of other artists in specialties that kept the evening full of hilarity and genuine enjoyment. By all means go to-night.—Ottawa (Kan.) Daily Republican.

This troupe will appear in this city Friday April 27th.

Lively Runaway.

Last Saturday afternoon, as Mrs. Peter Van Sickle and son and Mrs. Thomas Irvine were driving along in a one-horse buckboard near Wally's Springs, the horse took fright and turned abruptly up a steep embankment, upsetting the vehicle and throwing the occupants out. Mrs. Irving was quite severely bruised, but her injuries are not considered dangerous. Mrs. Van Sickle and her son were more fortunate, and were not hurt. The horse ran away with the overturned buckboard, and completely demolished it.—Genoa Courier.

Its Delicacy of Flavor

And the efficacy of its action have rendered the famous California liquid fruit remedy, Syrup of Figs, immensely popular. It cleanses and tones up the clogged and feverish system, and dispels Headaches, Colds and Fevers. For sale by Geo. C. Thaxter, Agent.

Republican Primaries.

At a meeting of the Republican County Central Committee held last evening, it was ordered that the primary election be held by the Republican party of Ormsby, on Saturday, April 28th, 1888. Further particulars tomorrow.

A TERRIBLE ACCIDENT.

Geo. Gardner, Has Both Legs Cut Off.

Yesterday afternoon Geo. Gardner son of Major Gardner was working the brake on the train at his father's cattle corral, when he fell under the wheels and both legs were crushed just above the ankle.

Drs. Lee and Davison were called, and amputation will be necessary. The legs were terribly mangled, and it is feared that the prostration from the shock will result fatally.

VOICE OF THE PRESS.

—Cleveland, the avowed free trader, takes the place in Mugwump affection, left by Cleveland, the pretended civil service reformer.—Syracuse Standard.

—Rhode Island is not very big State, but it is entirely too large to be captured by the Democrats. The Administration, however, feels fully compensated by the endorsement of the Oregon Convention.—St. Paul Pioneer Press.

—No Democrat can be blamed for feeling uncomfortable over the Republican gains in municipal elections from Long Island to Missouri and Illinois. The Democrats are not afraid of losing Missouri and they have no hope of gaining Illinois, but this Long Island business is a serious matter.—New York Press.

—The melancholly Mugwump—Where is he now? Having deserted a party he could not boss for one he could not sham, he stands alone in the gloom of his self sought solitude, having neither the frankness to turn back nor the courage to go forward. There is nothing left for him but to sit on the fence and watch the procession march by.—Philadelphia Press.

—The President has no legal right to dictate the official acts of any Cabinet officer.

That it is his scheme to allow this surplus to accumulate in order that he may force his tariff policy upon the country is as clear as April sunshine.

It is a policy of rule or ruin. The Secretary of the Treasury is now in a position where he should exercise his individuality.—Baltimore Herald. (Ind.)

Who Fired the Shot?

On Friday night about 12 o'clock, there was a mysterious shooting at a bagnio in this city. It is claimed that a girl attempted suicide and fired a shot which missed her person but burned a portion of her clothing?

A gentleman from Virginia City made the following statement to the editor of the APPEAL:

"It is all nonsense about an attempt at suicide. I was passing the house in question and saw the shooting. I saw a man go to the door and ring the bell violently. He seemed very much excited.

A woman came to the door, and pulling a pistol he fired a shot and made off. I was not over twenty feet away at the time, and saw the whole thing. I did not know the man nor the woman. I thought that the row was no special affair of mine, and as the door was soon closed I passed on."

It Pays.

"So, you have got a wife?" was asked of a newly married man.

"Don't know, don't know," he replied with some hesitation, "sometimes I think I've got her, and sometimes I think she's got me. You see, we have only been married a short time. But when she goes out shopping, we always agree to buy everything we need at Olcovich Bros., all the way from what we eat at breakfast to what we wear when we go out in the evening, and my friend," he continued, "it pays." a1,1m

Weiland's Beer.

It is customary for Carson people to drink in addition to home beer, some well established bottled beer of California. Great care should be exercised in choosing any bottled beer unless you know all about it. The most honest bottled beer now in the market is manufactured by John Weiland, of Sacramento. His beer has clove its way to the popular heart at once. No bad after effects. You can't miss it on his brew.

New Church in Empire.

The people of Empire propose to erect a church at an early date. The idea is to build a neat little chapel to be used by all denominations, but the Catholics propose to contribute the bulk of the money and call it a Catholic Church. On the 11th of May it is proposed to give a ball and supper and have the proceeds go toward the church. It is to be hoped that the public spirited people of Empire will get material assistance from all over the country for their laudable undertaking.

A Hard Run.

The Washoe Indians had a grand dance and gala time at Gardnerville last week, and on Saturday a five-mile foot race in which fifteen mahalas and young girls participated. The race was for a purse of \$40, and was won by a girl 12 years of age, who came in over 100 yards ahead of all competitors. She was so exhausted that she became unconscious, and fell in the road the minute she reached the outcome, and the Indians threw water over her by the bucketful.

Chinese Hovels Burned.

Truckee, April 21st.—Although no Chinamen have been given work in Truckee for three years, about twenty have remained here, living in a few tumble-down shanties. This morning at 3 o'clock six of these shanties were burned. The fire is supposed to have originated in an opium den.
